Operating Relationship: During the initial 12 months, claims follow the standard manufacturer warranty claim process. During months 13 through 18, ShopEase's authorized service network covers internal mechanical and electronic defects, providing free doorstep pickup, certified repair, or full depreciated reimbursement if irreparable.

4. Subscription Lifecycle, Renewal, Upgrades & Cancellations

Duration & Renewal: Subscriptions remain active for exactly 365 calendar days from the date of activation. Renewal reminders are sent via email and SMS at 30 days, 7 days, and 1 day prior to expiration.

Tier Upgrades: A Plus member may upgrade to Premium at any time during their membership cycle. The unused portion of their Plus fee is credited on a pro-rata basis against the ₹999 Premium fee, and a new 365-day cycle initiates immediately.

Cancellation & 14-Day Refund Window:

- A customer may cancel a newly purchased Plus (₹499/year) or Premium (₹999/year) membership within 14 calendar days of enrollment for a 100% full refund, provided NO member benefits (such as free shipping, member discounts, or early access orders) have been utilized.
- If any member benefit has been redeemed during the initial 14 days, or if the cancellation request is submitted after 14 days, the membership fee is strictly non-refundable.

MEMBERSHIP REFUND EXAMPLE

Scenario: Customer enrolls in Plus for ₹499 on 01 September and places an order on 03 September saving ₹49 on shipping. On 08 September, the customer requests a membership refund. Outcome: Refund request is declined because the customer utilized the free shipping benefit. The Plus subscription remains active until 31 August 2027.
