

ShopEase — Product Return & Replacement Policy

Company: ShopEase	Effective Date: 01 September 2026
Document Type: Return Policy	Last Updated: 01 September 2026
Version: 1.0	Status: Active

1. Authoritative Return Window & Scope

ShopEase provides a customer-friendly, standardized return framework across all eligible retail categories.

AUTHORITATIVE RETURN WINDOW

Rule: Customers may request a standard return within 7 calendar days from confirmed delivery. Example: If an order is delivered on 10 September, the return request must be submitted via the ShopEase portal no later than 11:59 PM IST on 17 September.

2. Product Eligibility & Condition Guidelines

To qualify for an authorized return and refund/replacement, items must strictly satisfy the following physical criteria:

- **Original Unused Condition:** Items must be unused, unwashed, unaltered, and free of dirt, stains, odors, or user-induced blemishes.
- **Intact Original Packaging:** All original manufacturer packaging, including retail boxes, blister packs, branded tags, barcode stickers, warranty cards, and documentation, must be preserved.
- **Complete Accessories:** All bundled accessories, free promotional gifts, remote controls, cables, chargers, and user manuals must be returned alongside the primary product.
- **Electronics Device Reset:** Smart devices and laptops must be unlinked from iCloud/Google accounts and factory-reset with all passwords removed.

3. Return Initiation Procedure & Doorstep Reverse Pickup

How to Initiate a Return:

1. Log in to your ShopEase account and navigate to '**My Orders**'.
2. Select the relevant delivered order and click '**Request Return / Replace**' within the 7 calendar days window.
3. Choose the reason for return (e.g., Defective, Damaged in Transit, Size Misfit, Item Not as Described).
4. Upload clear photographs or a short video demonstrating any defect, transit damage, or mismatch.
5. Choose preferred resolution: **Free Replacement** (same item/size) or **Full Refund**.

Doorstep Pickup Process: Once approved, a reverse pickup is scheduled. Our logistics partner will arrive at the delivery address within 2 to 4 business days. The courier representative conducts a mandatory doorstep verification (checking item condition, serial number, and packaging) before issuing a physical/digital pickup receipt.

4. Damaged, Defective, Wrong or Missing Items

In the rare event that an item arrives compromised, strict escalation protocols apply:

- **Damaged in Transit:** Must be reported to ShopEase Support within 48 hours of delivery along with photos of the outer shipping carton and damaged contents.
- **Wrong Item Delivered:** Must be reported within 48 hours. The incorrect product must remain unopened in its original seal.
- **Missing Item / Empty Package:** Must be reported within 48 hours. ShopEase opens an immediate logistics investigation with delivery partner GPS and transit weigh-in logs.
- **Defective Product:** If an item malfunctions within the 7 calendar days return window, it qualifies for instant replacement or refund. Beyond 7 calendar days, coverage transitions to the applicable manufacturer warranty.

5. Non-Returnable Products & Ground for Rejection

For health, hygiene, and copyright safety, the following categories are strictly non-returnable unless delivered in a physically damaged or completely defective condition:

Non-Returnable Vertical	Exempted Items	Permitted Resolution on Defect
Personal Hygiene & Innerwear	Underwear, lingerie, socks, swimwear	Replacement only if delivered damaged/sealed intact
Beauty, Cosmetics & Perfumes	Lipsticks, foundations, skin creams, fragrances	Refund/replacement only if seal intact or damaged
Consumables & Groceries	Packaged food items, gourmet groceries, dairy	Instant refund/replacement if damaged or expired
Customized & Made-to-Order	Monogrammed apparel, custom 3D printed items	Non-returnable unless manufacturing defect confirmed
Digital Products & Gift Cards	E-vouchers, software licenses, gaming codes	Strictly non-returnable and non-refundable

RETURN REJECTION POLICY

ShopEase reserves the right to decline returns and reject refunds if the item received at our fulfillment center is found to have been used, tampered with, swapped with a counterfeit, or missing core accessories.
